

## AT2 – Week 3 singing assignment

### Scales!

Keeping the same tonic pitch (Do) the whole time, record yourself singing Dorian, Phrygian, Lydian, Mixolydian, and Locrian scales. I would prefer a single audio file for the whole assignment, but you can send separate files if you must. If you do make separate files, please only send one email with all the files attached.

Sustain Do on an instrument if you have one that you can play while singing, or provide a reference pitch from a drone app.
